#### AGS Emergency Response Notification

##### 1.0 INTRODUCTION:

Occasionally emergencies in the AGS are reported directly to Fire/Rescue via emergency phone 2222 or 911 without the Main Control Room being aware of the incident.

##### 2.0 PURPOSE/SCOPE:

This Standard Operating Procedure (SOP) outlines the action to be taken to apprise Main Control of the nature and location of the emergency.

##### 3.0 RESPONSIBILITY:

The responding Fire Officer is responsible to make notification to Main Control.

##### 4.0 PROCEDURE:

4.1 After the proper radio patch is put into effect by Safeguards and Security:

4.1.1 Radio notification is to be made to Main Control while enroute to assure awareness of the emergency.

4.1.2 The above notification is to be made whether or not the hold point is in effect.
